The seaside setting of Los Monteros Playa gives it many unique qualities among the most upmarket zones of the region. Characteristics Peaceful and private, this mostly flat residential zone on the east side of Marbella, borders one of the finest stretches of sandy beach on the Costa del Sol - making Los Monteros Playa a perfectly central though secluded villa suburb, that has not only the sea, but also golf courses, hotels, beach clubs, restaurants, cafés, shops and clinics on its doorstep. Los Monteros properties also have access to the facilities and nightlife of Marbella and Puerto Banús, which are located fairly close by. Properties in Los Monteros Playa are known as the best address on the east side of Marbella. This is thanks to its privileged location right on the beach and also the quality of its homes. However, having Marbella landmarks such as the iconic Los Monteros Hotel and the elegant La Cabâne beach club within walking distance adds further cachet to Los Monteros Playa. Appeals to The seclusion, privacy, peace and proximity to the beach, not to mention the standard of the properties and the prestige of this address make it a highly desirable destination for those that wish to enjoy exclusivity and refinement right upon the beachside. With everything so close to hand, Los Monteros properties lend themselves perfectly to many lifestyle preferences - but a love of the sea and the possibility of going for walks on the beach, or spending a day at perhaps the most classic and refined of beach clubs in Marbella, are a given. The most famous homeowner of property in Los Monteros Playa is undoubtedly Antonio Banderas, whose large estate is characteristically within strolling distance of the beach, yet Málaga's favourite son is by no means the only illustrious resident of the area. Properties An address of this kind is naturally overwhelmingly made up of villas, most of which are luxurious homes on large plots of land. Those fronting the beach are naturally the most prized and valuable, but some of the grandest properties in Los Monteros Playa are the great mansions set upon two or more of the standard parcels of land. Properties for sale in Los Monteros, therefore, range from over €1.5 million to well beyond the €10 million mark - confirming its status as one of the very best residential areas in Marbella. What

adds further to the value and prime location of Los Monteros Playa is the fact that this is also a largely consolidated area with little land left for further development.
